¹ If you select "Guilty Only of Misdemeanor," this means that you have found three things. First, you have found that the defendant is not guilty of conspiring to commit 18 U.S.C. 1030(a)(2)(3) (intentionally accessing a protected computer without authorization and obtaining information for commercial advantage or private financial gain). Second, you have found that the defendant is not guilty of conspiring to commit 18 U.S.C. 1030(a)(4) (intentionally accessing a protected computer without authorization to further intended fraud and obtain something of value). Third, you have found that the defendant is not guilty of the felony version of 1030(a)(5)(A) and 1030(c)(4)(B) because the government has failed to prove beyond a reasonable doubt that the defendants conspired to impair ten or more computers in a one year period, but that the government has otherwise proved beyond a reasonable doubt that the defendant conspired to commit 1030(a)(5)(A) (intentionally causing damage to a protected computer).

With respect to each domain listed below, we find that each defendant knowingly falsely registered or caused to be falsely registered the domain name specified in the indictment with regard to Counts 1 through 21, and knowingly used that domain name in the course of the commission of the fraud schemes alleged in Counts 1 through 21, as noted below:
